Tag iQ

Unlock the Power of Global Tracking with Tag iQ

Tag iQ combines technology with a powerful platform using a straightforward smartphone app to manage unlimited tags in different shapes and sizes. It's flexible, robust, and designed to work anywhere in the world with connectivity.

Key Benefits

Secure and Discreet
Security is our priority. **Tag iQ** ensures that only authorised users can track specific items, protecting your privacy. Thanks to its low-profile form factor, **Tag iQ** stays out of sight while keeping you in control.

Cost-effective and Scalable
Looking for an affordable alternative to other expensive GPS solutions? **Tag iQ** has you covered. Whether you need a handful of tags for personal use or hundreds to monitor your business, **Tag iQ** scales to meet your needs without breaking the bank.

Long Battery Life
Enjoy up to 2.5 - 3 years of battery life. Choose between sealed tags for low-maintenance performance or replaceable battery options if that suits your workflow. Either way, you get hassle-free long-term reliability.

Easy Setup
Setting up **Tag iQ** is easy. Just scan the QR code to add a new tag to your secure group, and you're ready to go- no complicated steps or additional software are required.

Asset Recovery
Tag iQ seamlessly integrates with global recovery service operators to respond quickly and effect rapid recovery of the stolen asset

Business Features & Applications

Using a Tag iQ in a business context can offer several benefits.
Here are some of the key advantages:

▶ **Asset Tracking**
• **Efficient Inventory Management: Tag iQ** can be affixed to valuable assets such as tools, equipment, or inventory items, permitting businesses to monitor their locations and avert loss or theft.
• **Real-time Location Data: Tag iQ** offers real-time location data, allowing businesses to know the whereabouts of their assets whereabouts consistently.

▶ **Lost Item Recovery**
• **Reduced Downtime:** If items are misplaced**, Tag iQ** can assist in locating them swiftly, minimising the time spent searching for lost goods and preventing unnecessary disruption downtime.

▶ **Streamlined Operations**
• **Improved Resource Allocation:** Understanding the locations of tools and equipment enables businesses to allocate resources more effectively and optimise operations workflow.

▶ **Improved Security**
• **Theft Prevention: Tag iQ** can deter theft. Items equipped with **Tag iQ** are less likely to be stolen as they can be tracked.
• **Surveillance: Tag iQ** can also provide an additional layer of security, enabling businesses to monitor the movement of assets and personnel.

▶ **Cost Savings**
• **Minimise Losses: Tag iQ** facilitates swift recovery, assisting in mitigating the financial consequences of lost or stolen items items.

▶ **Simplified Logistics**
• **Efficient Transportation Tracking:** Businesses involved in shipping or transport can utilise **Tag iQ** to monitor packages or vehicles, thereby enhancing logistics and delivery accuracy.

▶ **Employee Accountability**
• **Tracking Business Assets:** By assigning **Tag iQ** to employees work-related items, businesses can ensure accountability for equipment and materials, thereby reducing misuse and misplacement.

▶ **Supply Chain Visibility**
• **Enhanced Tracking in Supply Chain: Tag iQ** enables businesses engaged in supply chains to monitor shipments, ensuring transparency and minimising the risk of errors.

By using Tag iQ, businesses can streamline operations, minimise losses, enhance security, and improve overall efficiency.
