

Indoor PIRCAM 720P Detector

- PIRCAM Vesta indoor detector
- PIR coverage of 12 meters, 90°
- Sensitivity configurable from APP
- 106° optics, IR illumination of 10 meters
- Resolution 720P
- Antimasking and anti-pet 25 kg.

Reference / Model	VESTA-423 / VST897-IL
Detection range of 12 meters, 90°.	
Advanced dynamic speed adjustment algorithms to maintain an image transfer rate depending on signal quality	
2.3 ~ 2.5 meters installation height	
Remotely manageable pet protection up to 25kg	
HD CMOS sensor	
Horizontal viewing angle: 106°.	
Three alarm image processing options:	
One alarm image in HD color (1280x720)	
Three VGA color alarm images (640x480)	
Six QVGA color alarm images (320x240)	
Image delivery on demand	
Anti-masking feature allows detection of any attempt to blind the detector	
Infrared night illumination capability, up to 10 meters range	

Indoor PIRCAM 720P Detector

Reference / Model	VESTA-423 / VST897-IL
F1 technology accelerates transmission speed and increases communication range	
Periodic supervision signals	
Tamper protection	
Low battery detection	
Suitable for security and home automation	
Compatible with Climax F1 gateways / control panels and VESTA-030 repeater (RP-29-F1)	
RF frequency: 868MHz	
Operating temperature from -10°C ~ +45°C	
Relative humidity up to 85% (non-condensing)	
Dimensions: 70 (W) x 135,5 (H) x 46,2 mm
